# DAEDALUS AND ICARUS

 **MINOAS**  
EDITIONS

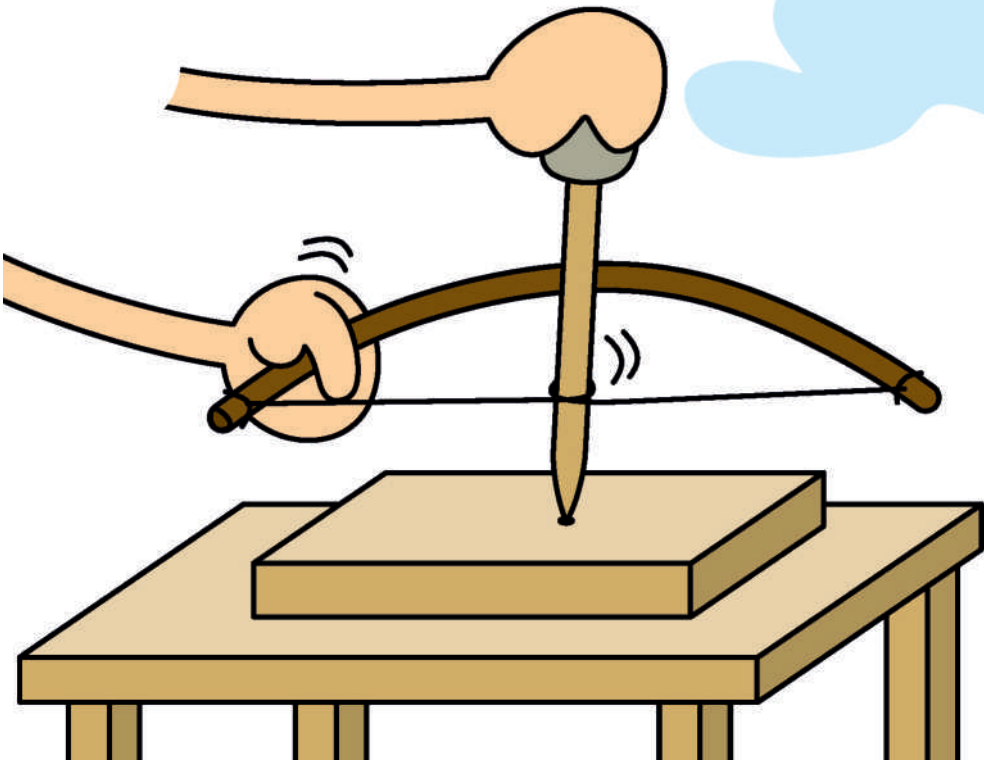

I am Daedalus  
and I am skillful  
and masterful.

I'm an inventor.  
I try to make people's lives easier.  
Let's take a look at some  
of my greatest inventions,  
admired both by gods and humans.

I created the ax, the drill and the plumb-line, which is a weight hanging from a string.

It helps us build homes with straight edges.
